

intimus CR-460 MC

Manual creasing machine

The robust manual creasing machine is well-suited for shorter runs, especially for digital printing. It is a flexible and easy-to-use solutions for print shops, copy shops or bookbinders. Commonly used for greeting cards, invitations, brochures, booklets, etc.

Precise

Measuring scale in mm and inches and flexible paper stops make sure the document has the correct position.

Long-lasting

The core mechanism is protected by a metal cover
