

intimus 4340 M

Manual guillotine with 430 mm Cutting width and 40 mm cutting height

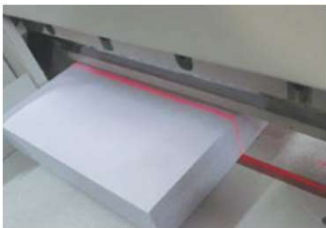

Compact table-top machine or as free standing version with optional table available, for cutting of up to 400 sheets. Suitable for regular use in offices, copy shops, digital printing houses etc. Effortless operation via ergonomically shaped lever handle. Simple exchange and rotation of cutting stick from outside the machine without tooling.

Precise

The LED optical cutting line ensures easy visibility and precision in the cutting area. The measuring scale in mm and inch, the manual paper fastening clamp and the hand crank allow exact positioning of the backgauge for accurate cutting.

Safe

The safety catch locks the Knife lever in upper position. Executing a cut is only possible if the safety catch is released and the safety guard is closed. Safe and easy Knife change with a Knife changing device. Non-slip rubber feet for stability.

Article No.	INT-GU-004340M
