

intimus 710

Lever trimmer for office use

High-quality paper trimmer with metal base and anti-scratch powder coating. Easy and safe trimming of small paper quantities, posters, card board etc. Wide product choice starting with 330 mm cutting length up to 560 mm. Ideal for offices, schools, graphic studios or workshops.

Safe and easy

Resharpenable blade of high quality steel combined with safety guard of unbreakable synthetic glass and ergonomically shaped lever handle ensure safe and easy cutting.

Precise and efficient

Standard paper formats and various angle indications are placed on the table. Transparent clamp bar with automatic clamping system, two measuring scales (cm and inch) and adjustable backgauge for accurate trims.

Available as table top model or with stand.
