OMATION 410
LETTER OPENER

Safe time and effort each day with the OMATION 410

▶ Milling Cutting Technology

▶ Qualitiy Ink Jet Printing

▶ Up to 400 envelopes per minute

▶ No cut setting for counting only

THE PROFESSIONAL OMATION SERIES GIVES YOU THE OPPORTUNITY TO PROCESS YOUR MAIL QUICKLY AND EFFICIENTLY

Meet an innovative solution for mail centers that handle between 200 and 2.000 incoming envelopes a day. The OMATION 410 envelope opener uses advanced milling cutting technology to open mail of mixes sizes and thicknesses with exceptional speed and precision: up to 400 envelopes per minute.

During this process, it´s also capable of printing unique ID receipt or date and time trails information on each envelope.

For mail centers seeking high performance and versatility in a compact size, the OMATION 410 envelope opener is an ideal solution. Designed with advanced milling cutting technology, it easily opens to 2,000 envelopes, flats and rigid overnight packs a day.

Proven Milling Cutter Technology

Minimizes cut contents and provides soft, feathered edge to eleminate painful papercuts. Opens envelopes completely edge-to-edge for easy content removal.

Cut Depth Adjustment

Use one of three cut depth settings to open thin or thick mail, flats and rigid overnight packs. The OMATION 410 comes also with a "no cut" setting for counting envelopes without cutting.

Fast Mail processing

Don´t waste your time with opening letters by hand. The OMATION 410 opens up to 400 envelopes per minute (6" envelopes).

Design

The compact tabletop design fits almost anywhere.

Easy to view operating screen

The 5,5" display provides access to job functions and setting.

Quality Ink Jet Printing

The OMATION 410 allows you to print a unique sequence number for traceable mail. You can also select from a variety of print jobs and print date and time audit trails.
