

Revo Any

Laminating Work Will Be Even Easier

Introducing the Revo Any, the ultimate laminator for any job! This compact, fully automated machine is perfect for any workspace and its simple operation makes it easy for anyone to use. With a maximum laminating width of 305 mm and a speed up to 200 sheets per hour, it's perfect for high volume laminating.

The Revo Any isn't just about speed – it's also about simplicity. Its easy film setting feature ensures that anyone can use it, even if they've never laminated before. With its advanced technology and high-quality construction, you can trust that your items will come out looking clean and crisp every time. Whether you need to laminate documents, photos, or other materials, the Revo Any has you covered.

Compact size that fits
ANYwhere

Load paper on the tray, press the start button, and walk away. It will laminate fully automatic

Quick film exchange with a clamshell design and film-cassette method

The Big Difference Between a Manual Laminator and the Revo Any.

Pouch Laminator

If using a general business laminator, the user must stand by the machine the entire time.

Revo Any

Place paper on the tray and press the start button. Then focus on other tasks while it laminates automatically.
